

SHELBY LEE LOWE

Singer-Songwriter, Shelby Lee Lowe, has the potential to establish what country music has been missing for the past decade, modern country with a traditional backbone.

A native of middle Tennessee and a graduate with a degree in Music Business from MTSU, Shelby has learned how to maneuver his way through the difficult obstacles in the music industry, all the while honing his craft and preparing himself for a long music career.

Shelby's self titled debut album was released in October of 2016. He penned eleven of the thirteen songs; including titles such as "Slow Dancing", "At It Again" and "History". "Honky Tonk Race" is already making waves in the Line Dancing scene.

Shelby Lee Lowe has opened for great artists like Charlie Daniels, Cowboy Troy, Sister Hazel, Darryl Worley and Big Smo. His 2017 tour is being booked now and he expects his success to continue.

Shelby Lee Lowe gives 100% to his craft and commitment to his music career. Establishing himself as an authentic country music entertainer with comparisons to country artists we revere such as Merle Haggard, Waylon Jennings and Dwight Yoakam.
