

# COFFEE WITH Camilla

Hey Creatives!

You're listening to **Podcast #44 of the Coffee With Camilla** podcast where we will discuss the music industry.

I'm your host Camilla Kleindienst of Banner Music in Nashville TN

The title of this podcast is ***"Took My Own Advice"***

## **Have you missed me?**

Where have I been?? I took my own advice and made a bunch of calls and emails and stacked my calendar up! I feel like I've missed two or three weeks of recording my podcast. I believe I have! But I haven't been shirking my work. It's been just the opposite! I've over extended myself.

I really wanted to release a podcast every Monday and NEVER miss! But the reality is, I have a whole company to run and this podcast is literally my way of helping people. And when I get seriously busy in my work, the podcast releases don't happen. I hate it because my heart is always thinking about how I can help people but I have to face the facts that there are only so many hours in a day and sometimes I need down time too.

A few weeks ago I ran into someone who said he has been listening to my podcast! He said he was learning so much and he appreciates the practical application to what I talk about in my podcast. That lifts my spirits like you can't believe!

I will cover more practical application issues as the days go forward. For instance, I will be interviewing a tax accountant soon, a recording studio owner/engineer, discussing internships and more.

And I will get back on track and you will hear about all the things I've been working on soon! We are getting close to our 1 year anniversary for "Coffee With Camilla"! Can you believe it!?!
